"I AM" THE COMMANDING PRESENCE OF LIFE

The Cosmic Moment has struck, Beloved Ones in America, when the Ascended Masters call you to Victory and Freedom in the Light! Beloved Friends of America, "I AM" Students, and Guests within our Land: As we turn your attention to the "Mighty I AM Presence," we ask you to accept the full Authority and Power which is yours to issue the Command of Life in your Supreme Authority.

In your use of the power to command, be very careful how and what you command. The majority of people do not desire to be commanded. The reason for it is that within every human Heart is the feeling that each individual is the Supreme Authority unto himself. He really was created originally a free God Being regardless of all outer conditions of the world which have been imposed upon mankind. Every human being, by the Authority of his own Life using the

Great Creative Word "I AM" and the Ascended Masters' Consciousness, is One with the Supreme Power and Authority of the Universe. When we use the Great Creative Word "I AM" and issue the Decree that is in agreement with the Law of Life using the Ascended Masters' Consciousness, then we have a right to command Perfection to be made manifest wherever we are. We command the energy and substance of all destructive qualities to be annihilated. We have the Supreme, Eternal Authority of Life, the Supreme Right to command that every destructive force on this planet shall be Annihilated by the Power of Light. You are that Authority.

Now realize that you never deal with human beings. You always deal with energy qualified. Therefore, if that energy be not qualified harmoniously according to the Law of Life, then you have the Supreme Right to command the requalification of it. That is how you can call forth the Perfection of Life. When you call forth the Power of Light from the "Mighty I AM Presence" of any human being, that "Presence" is One with your own "Mighty I AM Presence." It is also One with the Ascended Masters.

Therefore, since you have three Sources in agreement with each other and who are the Supreme Authority of infinite space of all that is in the Universe, when you issue your Decrees in agreement with that Law of Life, Life everywhere and energy everywhere is compelled to fulfill your Decrees. In doing this you must keep your feelings harmonious at all times. Please feel your Authority to command Perfection to fulfill all your Desires that are constructive and to fill your world. You must definitely control your own attention, holding it on the Perfection you desire. Command your attention to stay upon the Perfection of Life. The attention is like a needle to a galvanometer or a compass to a ship.

© 2009 Saint Germain Foundation

It swings and swings and swings unless you hold it steady. That attention belongs to you. It is a servant to your Stream of Life; and if you will not direct it and compel it to obey the Law of Life by accepting Perfection, then something outside of you will control it by its own outer activity and compel you to accept its discord.

Remember the radiation from everything your eyes rest upon is drawn into the physical structure of your bodies through your eyes. The radiation flows back into your brain cells and into the structure of your bodies through the eyes themselves, through your physical sight. Then one should be very careful about what he allows his attention to rest upon and should definitely hold it upon that which he knows will make him happy. When you gaze upon the injustice, limitations, and imperfection of the outer world, you are not drawing Perfection into your body. If you let your eyes rest upon those imperfections, those qualities and patterns will flow into the cellular structure of your brain and body. They will register upon your feeling world, upon the substance of your emotional body; and they will qualify the energy within your feelings.

Yet realize how easily you can turn your attention from something very destructive to that which is constructive or vice versa. How many times have you allowed your attention to wander back upon some injustice imposed upon you in the years gone by? The instant your attention begins to contemplate and connect with the vibratory action of that, your feelings have become stirred with resentment. And that is your greatest danger. Do not allow your attention to be pulled back upon injustice from some former circumstance. What is past is passed. Forgive and forget it. It is water gone under the bridge and should be forgotten. If you allow

your attention to repeatedly return to discordant conditions and stir up today's energy with the same old feeling of resentment, hatred, jealousy, and discord of the conditions that are passed, you are building them into your world that very moment; and they will outpicture again as physical experiences in the future.

That is how you hold onto the fears, doubts, and limiting conditions from things which have happened years ago. Will you not live Life according to the Law of Happiness? Forgive and forget all that did not contain Happiness for you. When morning comes, close the door on the day before and promise yourself never to remember anything that has gone by unless it registers Perfection and Happiness in your world. If you will do this, you will open the door to a great deal of Happiness which you never dreamed possible for you. Most individuals drag with them the experiences of former conditions when they should be forgiven and forgotten. We should all face every day and every tomorrow with a hopeful Heart; and in the full Authority of Life, command Perfection to be made manifest for ourselves and for all we contact in all we do.

Perfection is Peace right here and now. What man has done, man can do again. Jesus and the Ascended Masters have purified, illumined, and raised Their physical flesh bodies from this Earth into the Octave of Light around our Physical Sun. That is the Realm of the Temples of Light, the Permanent Focus and Activity of the Great Host of Ascended Masters and the Angelic Host who govern the streams of energy and the manifestation of our System of Planets. Realize that Perfection is absolutely a practical reality right here and now in this physical world. I do not care what your mistakes were in the past. The Ascended Masters are not

© 2009 Saint Germain Foundation

interested in anyone's mistakes; neither are we. The world has been full of them for a good many millions of years, but you do not have to stay in them for a million more. As soon as you turn away from them, face the Source of Perfection, and hold your attention there, you will find the mistakes dissolved. How? By the very lack of your feelings feeding energy into them through your attention.

I again turn you to the example of what goes into your mind and body through the eyes, because the vibratory action that radiates from everything your eyes behold to some degree is drawn into your body. When you wave a red flag to a bull, the flag may be a block away, but the radiation of that flag enters into the feeling of the bull. It clothes the energy in the feeling of the animal with the destructive rates of vibration which are the radiation from the color red. When that enters in through the eyes, it qualifies all the energy within the body and feelings of that animal, and he becomes wholly destructive. The same Law is acting upon every human being on the face of the Earth. Then learn to call your own "Mighty I AM Presence" into action; and command that you never again accept any suggestion from any person, place, condition, or thing in this Universe except the Perfection of the Ascended Masters and Their Supreme Joy, Victory, and the Almighty Power of Light.

The Light can only contain permanently sustained, ever-expanding Happiness and Perfection. There is not a human being on the face of the Earth who cannot have Happiness and Perfection if he will give these Ascended Master "I AM" Decrees and try to apply this Law. It certainly won't bite you, and It never did anyone any damage. What it is in any human being, or a group of them, that does not want Happiness, does not want Perfection, does not wish to be

© 2009 Saint Germain Foundation

the Supreme Master of circumstance or to understand this Law and operate It to raise themselves into the great Joy, Happiness, Freedom, and Mastery of Life—is viciousness and nothing else. Then deal with it accordingly.

The individual who does not want to accept all of God is unbalanced indeed. The Ascended Masters are offering you Perfection as freely as the air you breathe. But you must want that Perfection and make some effort to be happy in order to let It expand through you by the Almighty Power of Light; for Light is the one supreme thing in the Universe that you cannot take out of existence. Human beings may come and human beings may go; but the Light goes on forever, and

"The Light of God Never Fails!"

"The Light of God Never Fails!"

"The Light of God Never Fails!"

And the "Mighty I AM Presence" is that Light!
